Dear Oncology Providers and Office Staff:

Care1st is pleased to announce its collaboration with New Century Health (NCH), an oncology quality management company.

**Effective December 1, 2022**, we will implement a new oncology pre-approval program, Care1st Oncology Pathway Solutions, for Medicaid members. The program will simplify the administrative process for providers to support the effective delivery of quality patient care.

Oncology-related chemotherapeutic drugs and supportive agents will require pre-authorization from NCH before being dispensed at a pharmacy or administered in a physician's office, outpatient hospital or ambulatory setting. This requirement applies for your Medicaid members of all ages.

Benefits of the Care1st Oncology Pathway Solutions include:

- The use of clinical criteria, based on nationally-recognized guidelines, to promote evidence-based cancer care
- Increased collaboration with physician offices to foster a team approach
- Peer-to-peer discussions with medical oncologists who can understand and better discuss treatment plans
- A provider web portal to:
  - Obtain real-time approvals when selecting evidence-based NCH treatment care pathways
  - Determine clinical documentation necessary for medical necessity review
  - View all submitted requests for authorization in one location
  - Check member eligibility

**Prior authorization** can be requested from NCH by:

- Visiting NCH's Web Portal: [my.newcenturyhealth.com](https://my.newcenturyhealth.com)
- Calling 1-888-999-7713, Option 1 (Monday – Friday 8AM to 8PM)

NCH uses clinical criteria based on nationally recognized guidelines to promote evidence-based cancer care. When using the Web Portal, you can obtain real-time approvals when selecting evidence-based NCH treatment care pathways. You can also determine which clinical documentation is needed for medical necessity review, and view all submitted requests in one location. You may also request to speak with an oncologist to discuss treatment options.

#### **Timeframe for Approval**

Real-time approval is given for NCH recommended treatments. Timeframes for authorization of treatment regimens not recommended by NCH are as follows:

- Medicaid Pharmacy or Office Administered: 24 hours or 7 business days if more information is requested

NCH may approve chemotherapeutic and supporting agents, including hematology drugs, for a period up to 90 days.

**Medicaid authorizations issued by Care1st before December 1, 2022, are effective until the authorization end date.** Subsequent prior authorization requests must be submitted to NCH. If continued authorization is not obtained from NCH, drug-related claims may be denied.

For additional information please reference the Frequently Asked Questions: Care1st Oncology Pathway Solutions included with this communication.

An NCH representative will contact you soon to discuss this update. If you are not currently registered to use the NCH portal, portal login credentials will be securely emailed to you after your meeting and before December 1. If you have any questions beforehand, please call NCH at 1-888-999-7713, Option 6 and allow them to help.

Sincerely,

Chanchal Yadav, MD, MBA
